

AGRINOVUS INVESTMENT PARTNERSHIP OPPORTUNITIES

STAKEHOLDERS IN AGRINOVUS INDIANA work to advance the agbiosciences by facilitating critical partnerships – both traditional and unexpected – that will generate economic growth. The Indiana agbioscience sector is done being modest and is ready to tell our story. There are three ways to engage with AgriNovus and support our efforts.

JOIN OUR BOARD OF DIRECTORS

THE AGRINOVUS BOARD OF DIRECTORS SETS THE STRATEGIC DIRECTION, PROVIDES GUIDANCE AND GIVES FEEDBACK ON KEY PLANNING AND PROGRAMMING PROJECTS. Board members serve as advocates for the initiative to other community and industry representatives. Our member organizations are proud to advance agbioscience research and development, are collaborative and entrepreneurial, and support industry advancement.

WHO: Senior leaders in organizations recognized for their accomplishments and ability to directly add value to the Board discussion and who can speak for and commit the resources of the represented organization.

BENEFITS: Engagement with the leading organizations representing the agbiosciences sector in Indiana • Publicity throughout the year • Participation in developing strategic direction • Valuable networking for members with other industry, civic and academic leaders • Sending an unlimited number of representatives to any/all AgriNovus Indiana Innovation Council meetings

INVESTMENT: \$25,000 Annually

JOIN OUR INNOVATION COUNCIL

THE INNOVATION COUNCIL SERVES AS OUR “TECHNICAL ADVISORY COMMITTEES” AND PLAYS A CRITICAL ROLE IN OUR PLANNING. Through our Innovation Council, AgriNovus will facilitate unique and intentional multi-disciplinary opportunities for our four key agbioscience sectors: Plant Sciences, Animal Health & Nutrition, Human Food & Nutrition and High Tech Ag. We tackle issues of talent and workforce, education programming and entrepreneurial start-up support.

WHO: The Innovation Council is an assembly of Board representatives, Council members and special guests in forums for networking, sharing of ideas, identification of innovation opportunities, and development of action plans as appropriate to advance the agbiosciences industry for the state and region.

BENEFITS: Targeted publicity (including website, social media, perspective pieces, assistance in placing media stories) • Valuable networking • Lead in the development of strategy execution ideas • Special event participation

INVESTMENT: \$10,000 Annually

SUPPORT OUR PROGRAMS

AGRINOVUS HAS PROGRAMMING AVAILABLE THROUGHOUT THE YEAR WITH SPECIFIC SPONSORSHIP OPPORTUNITIES. This allows organizations to champion an event, a public education and awareness program, or a talent focused program.

WHO: Agbioscience innovators, state agencies, civic organizations, food and agricultural organizations, talent and workforce organizations, community focused foundations, colleges and universities, investors

WHAT: Time to tell video/promotional campaign • formation of K-12 programs • college career discovery program

EVENTS: Agbiosciences Start-up Showcase (April 23, 2019) • Indiana Agbioscience Innovation Summit (November 20, 2019) • Forbes AgTech+ Summit Indianapolis (September 18-19, 2019)

AGRINOVUS INDIANA BOARD MEMBERS
